Y'CAB Consulting & Engineering

Y'CAB GROUPE

Nadine ZADI
Founder & CEO

A WORD FROM THE FOUNDER

Y'CAB GROUPE wishes, above all, to become an indispensable lever for companies wishing to establish themselves in Côte d'Ivoire.

Our intention is to build ourselves around important issues: study, advisory and development, which will help us become a bridge, and a unifying force for companies at international and national level, together with all the actors necessary for this integration in Côte d'Ivoire.

First, study, to assess the viability of projects and bring to light weaknesses for which we will offer to support companies so as to make their execution easy and of quality.

Then, advise: our ultimate goal being the sustainability of projects and their improvement.

And finally, development: over the course of my professional career I have gained the experience and qualities essential to coordinating multiple activities, and my wish is to put my knowledge at the service of Côte d'Ivoire, an incredible country with projects that only ask to be developed.

For this, Y'CAB aims to be an incubator built on values such as leadership and rigour. I am particularly confident that we are going to do extraordinary things.

OUR VISION

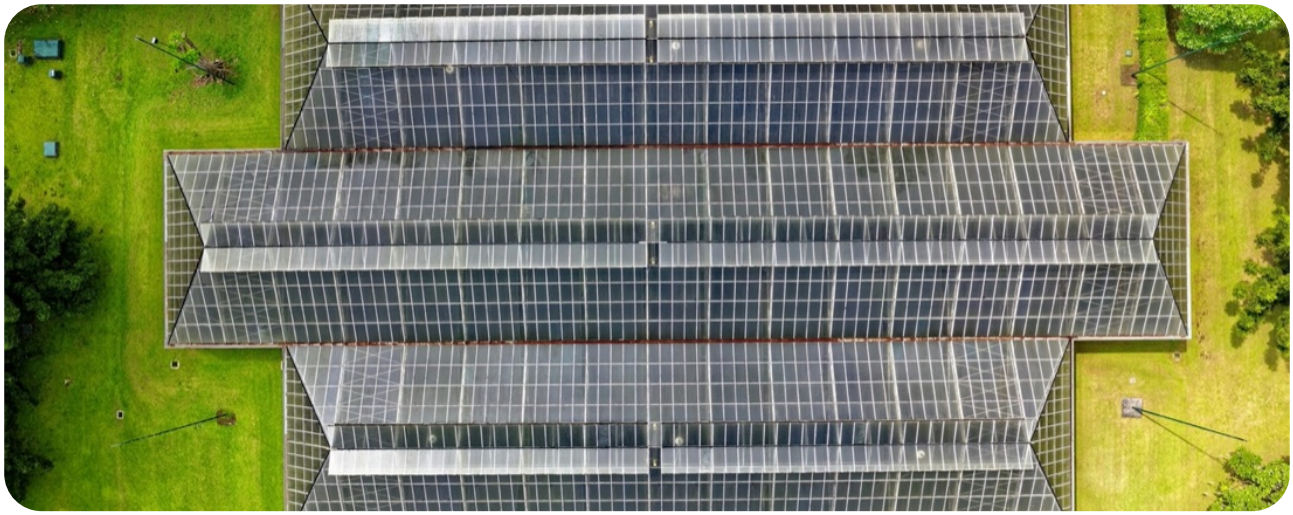
One method, one standard, a single goal

Delivering quality services through a constant pursuit of client satisfaction.

1. Know-how
2. Commitment
3. Availability
4. Quality
5. Responsibility
6. Trust and closeness

WHO WE ARE

Y'CAB Consulting & Engineering



A specialised entity of the Y'CAB group, dedicated to studies, project engineering and strategic support for public, private and institutional organisations.

Turning ideas and opportunities into structured, fundable, operational projects.

WHAT WE DO

Structured support, from idea to delivery

Studies & Strategy

- Market, technical, financial and environmental studies
- Strategic and organisational advisory, performance optimisation

Engineering & Financing

- Project owner assistance and project structuring
- Structuring of sustainable projects, PPPs and investments

Close-knit engineering in the service of useful, viable, measurable projects.

OUR APPROACH

A field-tested method, from diagnosis to delivery

Our mission

Turning ideas and opportunities into structured, fundable, operational projects.

Our approach

A field-based approach: diagnosis, feasibility, structuring, action plan and implementation support.

Area of operation
